## **INDEPENDENT AUDITORS' REPORT**

To the Members of Saskatchewan Construction Safety Association Inc.

### ***Opinion***

We have audited the financial statements of Saskatchewan Construction Safety Association Inc. (the Entity), which comprise:

- the statement of financial position as at December 31, 2021
- the statement of operations for the year then ended
- the statement of changes in net assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2021, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditors' Responsibilities for the Audit of the Financial Statements**" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Responsibilities of Management and Those Charged With Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements

Year ended December 31, 2021, with comparative information for 2020

---

## **Nature of operations:**

The Saskatchewan Construction Safety Association Inc. (the "Association") is incorporated under *The Non-Profit Corporations Act of Saskatchewan*. The Association accordingly is exempt from income taxes. The primary purpose of the Association is to develop and co-ordinate safety training programs for construction sector employers and workers in the province of Saskatchewan.

Pursuant to a funding agreement, the Association receives significant funding revenue from the Saskatchewan Workers' Compensation Board (the "WCB") to finance the development and co-ordination of the safety training programs referred to above. As a result, the Association is dependent upon the continuance of this funding to maintain operations at their current level.

The agreement provides further that all property, plant and equipment or assets acquired for safety program development and training are deemed to be supplied by the WCB and shall remain the property of the WCB. Additionally, the bylaws of the Association provide that on dissolution of the Association, assets will be transferred to the WCB.

## **1. Significant accounting policies:**

These financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations. The Association's significant accounting policies are as follows:

### **(a) Revenue recognition:**

The Association follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Contributions related to the purchase of property, plant and equipment are recognized as revenue on the same basis as the related assets are amortized. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

# SASKATCHEWAN CONSTRUCTION SAFETY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended December 31, 2021, with comparative information for 2020

---

## 1. Significant accounting policies (continued):

### (b) Financial assets and liabilities:

Financial instruments are recorded at fair value on initial recognition. Subsequently they are recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Association has not elected to carry any such financial instruments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs and financing costs, which are amortized using the straight-line method.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Association determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Association expects to realized by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

### (c) Property, plant and equipment:

Property, plant and equipment is recorded at cost. Amortization is calculated using the straight-line method over their estimated useful lives as follows:

Asset	Rate
Office and training equipment	5 years
Computer equipment	3 years
Leasehold improvements	Amortized over the life of the lease

---

# SASKATCHEWAN CONSTRUCTION SAFETY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended December 31, 2021, with comparative information for 2020

## 1. Significant accounting policies (continued):

### (d) Use of estimates:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Significant items subject to such estimates and assumptions include the estimated useful lives of property, plant and equipment. Actual results could differ from these estimates.

## 2. Short-term investments:

Short-term investments consist of guaranteed investment certificates bearing interest rates ranging from 0.25% to 0.30% (2020 - 0.65% to 1.35%). These guaranteed investment certificates have maturity dates in June - December 2022 (2020 - June - December 2021).

## 3. Property, plant and equipment:

	Cost	Accumulated amortization	2021 Net book value	2020 Net book value
Office and training equipment \$	816,990	\$ 689,585	\$ 127,405	\$ 116,398
Computer equipment	542,201	497,673	44,528	50,408
Leasehold improvements	1,170,391	1,136,365	34,026	22,067
	<u>\$ 2,529,582</u>	<u>\$ 2,323,623</u>	<u>\$ 205,959</u>	<u>\$ 188,873</u>

## 4. Accounts payable and accrued liabilities:

Included in accounts payable and accrued liabilities are government remittances payable of \$553 (2020 - \$172), which includes amounts payable for provincial sales taxes and payroll taxes.

# SASKATCHEWAN CONSTRUCTION SAFETY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended December 31, 2021, with comparative information for 2020

---

## 5. Internally restricted net assets:

Certain specified amounts have been restricted by the Board of Directors for unforeseen extraordinary expenses that would adversely affect the Association or to offset reductions in other sources of funding. During the year, the Board of Directors transferred \$1,500,000 (2020 - \$nil) from unrestricted net assets to internally restricted net assets. Internally restricted amounts are not available for other purposes without approval of the Board of Directors.

## 6. Commitments:

The Association is committed under leases for office space, office equipment and vehicles over the next five years as follows:

---

2022	\$	166,309
2023		105,550
2024		104,473
2025		28,685
2026		1,550

---

## 7. Financial risks:

The Association, through its financial assets and liabilities, has exposures to the following risks from its use of financial instruments:

### a) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. The Association is exposed to credit risk with respect to cash, accounts receivable and short-term investments. The carrying amounts of financial assets on the balance sheet represent the Association's maximum credit exposure at the balance sheet date.

The Association's trade receivable amounts disclosed in the statement of financial position are net of allowance for doubtful accounts, estimated by management of the Association based on previous experience and its assessment of the current economic environment. The Association does not have significant exposure to any individual customer and has not incurred any significant bad debts during the year. The credit risk on cash and short-term investments is limited because the counterparties are chartered banks with high credit ratings assigned by national credit-rating agencies. There has been no change to the risk exposure since the prior year.

# **SASKATCHEWAN CONSTRUCTION SAFETY ASSOCIATION INC.**

Notes to Financial Statements (continued)

Year ended December 31, 2021, with comparative information for 2020

---

## **7. Financial risks (continued):**

### b) Liquidity risk:

Liquidity risk is the risk that the Association will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Association manages its liquidity risk by monitoring its operational requirements. The Association prepares budgets to ensure it has sufficient funds to fulfill its obligations.
